

# Guide til opstart af plastiksortering i laboratorier

		Eksempler:							
1	Kortlæg alt plast i laboratoriet	<table border="1"> <tr><td>Holdere til spidser, MagnaPure</td></tr> <tr><td>Elution Buffer, Promega</td></tr> <tr><td>PBS 500 ml, VWR</td></tr> <tr><td>Poser Sealing Foil (MagnaPure 96)</td></tr> <tr><td>Sterile PP-rør 50ml Sarstedt</td></tr> <tr><td>Water, sterile, nucleasefree 100 ml, VWR</td></tr> </table>	Holdere til spidser, MagnaPure	Elution Buffer, Promega	PBS 500 ml, VWR	Poser Sealing Foil (MagnaPure 96)	Sterile PP-rør 50ml Sarstedt	Water, sterile, nucleasefree 100 ml, VWR	
Holdere til spidser, MagnaPure									
Elution Buffer, Promega									
PBS 500 ml, VWR									
Poser Sealing Foil (MagnaPure 96)									
Sterile PP-rør 50ml Sarstedt									
Water, sterile, nucleasefree 100 ml, VWR									
2	Klassificer plasten i typer (f.eks. PP (polypropylen), HDPE, LDPE, PET)	<table border="1"> <tr><td><b>Polypropylen (PP)</b></td></tr> <tr><td>Holdere til spidser, MagnaPure</td></tr> <tr><td>Elution Buffer, Promega</td></tr> <tr><td>PBS 500 ml, VWR</td></tr> <tr><td>Poser Sealing Foil (MagnaPure 96)</td></tr> <tr><td>Sterile PP-rør 50ml Sarstedt</td></tr> <tr><td>Water, sterile, nucleasefree 100 ml, VWR</td></tr> </table>	<b>Polypropylen (PP)</b>	Holdere til spidser, MagnaPure	Elution Buffer, Promega	PBS 500 ml, VWR	Poser Sealing Foil (MagnaPure 96)	Sterile PP-rør 50ml Sarstedt	Water, sterile, nucleasefree 100 ml, VWR
<b>Polypropylen (PP)</b>									
Holdere til spidser, MagnaPure									
Elution Buffer, Promega									
PBS 500 ml, VWR									
Poser Sealing Foil (MagnaPure 96)									
Sterile PP-rør 50ml Sarstedt									
Water, sterile, nucleasefree 100 ml, VWR									
3	Kontakt leverandører såfremt plasten ikke er mærket med plasttype.	<table border="1"> <tr><td>Poser røde rør, Hounisen (afventer svar)</td></tr> <tr><td>Poser e-tubes, Corning (mangler at tage kontakt)</td></tr> <tr><td>Poser Drikkebæger, OneMed (afventer svar)</td></tr> <tr><td>Poser Cellwash haner, Becton Dickinson A/S (mangler at tage kontakt)</td></tr> </table>	Poser røde rør, Hounisen (afventer svar)	Poser e-tubes, Corning (mangler at tage kontakt)	Poser Drikkebæger, OneMed (afventer svar)	Poser Cellwash haner, Becton Dickinson A/S (mangler at tage kontakt)			
Poser røde rør, Hounisen (afventer svar)									
Poser e-tubes, Corning (mangler at tage kontakt)									
Poser Drikkebæger, OneMed (afventer svar)									
Poser Cellwash haner, Becton Dickinson A/S (mangler at tage kontakt)									
4	Lav kasser med plancher, hvorpå laboratoriets plast er afbilledet. Hver type plast skal have sin egen kasse + planche.
